WORK EXPERIENCE

Software Developer

S.I. 2001 S.p.A. [Dec 2022 – Current]

Country: Italy

Working on various phases of the software development life cycle, with a primary focus on developing and maintaining front-end components. Creating engaging and intuitive user experiences using JavaScript, HTML, and CSS. Collaborating within teams to implement new features, resolve issues, and optimize software performance. Experience in testing activities to ensure software quality and stability.

PROFESSIONAL SKILLS

IT Skills

Development and maintenance of front-end software using TypeScript, Vue.js and React with the assistance of Vite, communicating with the back-end via GraphQL requests. Utilization of various Component Suites such as DevExtreme, Material UI and Headless UI, with layout refinement through Tailwind CSS. Testing conducted with Cypress for Component Testing, alongside the development of an isolated environment using Storybook.
